

Download the latest Safety Data Sheet (SDS) for BPC-157

Access the supplier-issued Safety Data Sheet (SDS) for BPC-157 research peptide, CAS 137525-51-0.

This document provides essential safety and handling information for qualified laboratory and manufacturing personnel, including product identification, hazard communication, first-aid measures, personal protective equipment, storage, accidental release response, transport and disposal information.

BPC-157 Product Identification

Product name: BPC-157

Synonyms: BPC 157, Bepecin, BPC 15

CAS number: 137525-51-0

Molecular formula: C62H98N16O22

Molecular weight: 1419.53 g/mol

Sequence: GEPPPGKPADDAGLV

Form: Lyophilized powder

Grade: Research grade

Recommended use: Laboratory research and manufacturing use only

What the BPC-157 SDS Covers

The Safety Data Sheet provides information regarding:

- Product and supplier identification
- Hazard classification and precautionary statements
- Composition and ingredient information
- First-aid and fire-fighting measures
- Accidental release procedures
- Safe handling and storage
- Exposure controls and personal protective equipment
- Physical and chemical properties
- Stability and reactivity
- Toxicological information

- Disposal and transport considerations
- Regulatory and document revision information

Safety and Documentation Notice

Review the complete SDS before receiving, storing or handling this material. Follow the supplier-issued SDS, applicable local regulations and your facility's chemical hygiene plan.

The SDS is not a Certificate of Analysis. Batch-specific identity, purity and analytical test results should be verified using the applicable Certificate of Analysis (COA).

For research and manufacturing use only. Not for human or veterinary use, diagnosis, treatment or consumption.

Need the Latest SDS Revision?

For the latest SDS revision or a batch-specific document, contact our quality team and include the product name, SKU and lot or batch number.
