

Mazdutide Specification Sheet

Product Overview

Mazdutide is a synthetic peptide investigated in scientific research for its activity as a dual glucagon-like peptide-1 (GLP-1) receptor and glucagon receptor agonist.

This specification sheet provides general product information, technical specifications, quality documentation, storage information, and research-use information for Mazdutide supplied by 52ym.

Mazdutide products supplied by 52ym are intended for laboratory research and analytical purposes only.

Product Information

Item	Specification
Product Name	Mazdutide
Product Type	Research Peptide
Research Category	GLP-1 / Glucagon Receptor Research
Application	Laboratory Research Use
Appearance	White to off-white lyophilized powder*
Purity	Refer to batch-specific documentation
Storage Condition	Refer to product label and batch documentation
Documentation	Specification Sheet / COA
Usage	Research purposes only

Technical Information

Technical Information

Product Name:
Mazdutide

Product Type:
Research Peptide

Research Category:
GLP-1 and glucagon receptor research

Research Areas:

Peptide research

Metabolic research

GLP-1 receptor research

Glucagon receptor research

Cell signaling research

Biochemical and analytical research

Quality Documentation

Quality Documentation

Available documentation may include:

- Product Specification Sheet
- Certificate of Analysis (COA)
- HPLC analytical documentation
- Mass spectrometry (MS) documentation
- Batch-specific quality information

Documentation availability and specifications may vary by batch. Please contact 52ym for current Mazdutide product documentation.

Storage & Handling

Storage & Handling

Store Mazdutide according to the storage conditions specified on the product label and batch-specific documentation.

For laboratory handling, follow appropriate research laboratory procedures and refer to the applicable product documentation for batch-specific storage and handling information.

Research Use Statement

Research Use Statement

Mazdutide supplied by 52ym is intended strictly for laboratory research, analytical, and scientific research purposes.

This product is not intended for human consumption, clinical diagnosis, therapeutic use, or veterinary use.
